Extreme All Weather Extension Cords 12 / 3 AWG

3-Conductor 300 Volt SJE00W Extension Cord with Lighted Ends

FEATURES

- 3-wire grounded
- Lighted ends shows power is on
- Heavy-Duty, Oil Resistant
- Flexible for -94°F to 221°F.

- 100% Thermo-Plastic Jacket - a compound that allows the cord to stay flexible in the most extreme climates without affecting the cord's performance
- Extreme cords have been tested from Maine to Alaska in the harshest conditions including ice and snow, from the oil fields up to the mountains. No temperature or terrain can outlast an Extreme Cord!

SPECIFICATIONS

- 5-15 plug and receptacle
- 15 amp, 1875 watts
- Blue / Red, cULus Listed

* Account Customer Price. Free shipping on \$2500.00 order. Extension cords and water hose can be combined for free shipping. Valid on shipment to one address within the 48 continental United States.

FLEXON PRO SERIES - tough and durable as rubber if not stronger, weighs less, virtually kink free.

FEATURES

- 300 PSI Burst Strength
- Large, Industrial Strength, Crush-Proof Male / Female Couplers - *easy to tighten and remove, best coupler to avoid leaks*
- Heavy Duty Strain Relief Spring
- Commercial Strength — *in the past rubber was widely considered the hose for construction because of its durability*
- Combination of rubber & vinyl is less flexible than 100% rubber (see next)
- Lifetime Warranty against defects in material and workmanship for the time period shown. *If such a defect should occur cut off both ends of the hose leaving approximately 4" from the end of the couplers. Contact USA Dust Guard for ship to information.*

SPECIFICATIONS

- 6-Ply Construction
- Black Hose
