Tuck Pointing Glitter Bits Diamond Router Bits

Glitter Bits – Finishes what a diamond blade can't . . .

Head Joints

Fast, Precise, Brick Mortar Removal
— Head Joints, Inside Wall Corners

Completes the 90° mortar cut-out around bricks.

Grind Type Hard "S" Mortar - even Granite!

90% Cut-Out

Finishes the cut that blades cannot reach:

- Avoid over cuts into adjacent bricks
- Grind inside wall corners
- Window & door brick returns

Window & Door Brick Returns

Excellent for recessed mortar joints on stone walls, intricate or historical cut-out projects.

Significant less dust than using a diamond blade & angle grinder.

Single Brick Removal

Brick Cut-Out
From Hard Type "S" Mortar

Fast, Efficient, Mortar & Brick Removal
