Manual Tile Cutters

Speed & Precision Cutting

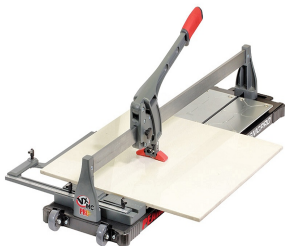

Snaps Ceramic, Porcelain, Glass, Quarry Tile, Mosaics, Pavers & more.

PROFESSIONAL MANUAL TILE CUTTERS

Available in (3) sizes: 28", 36", 48"

- Professional, accurate and strong - high resistance aluminum alloy and steel construction
- Spring-suspension individual plates support tiles while cutting
- Soft grip handle for better ergonomics, comfort and feel
- Single rail bar guide does not flex when snapping the tile
- Roller bearing for smooth scoring action
- Integrated steel extension bars for large tiles
- Aluminum die-casting measuring guide, marked in inches, rotates 45° degrees both ways to ensure accurate diagonal cuts
- Cuts materials ranging from 1/16" to 5/8" thick with ease. One-year limited warranty.

Push-handle design allows the user to reach further while maintaining consistent pressure on the handle to ensure a smoother score and cleaner snap.

Spring-suspension individual plates support tiles while cutting

Spring-loaded ball bearing scoring wheel to help produce consistent scores on uneven surfaced tile and/or textures.

Equipped with wheels and carrying handle for easy transport.

Magnetic breaker holder provides optimal viewing during cutting by keeping breaker up until needed.
