

# SCANMASKIN 28/32 WORLD SERIES PROPANE

The Scanmaskin 32 World Series Propane is a propane-powered grinder for occasions when you do not have access to electric power. The Scanmaskin 32 World Series Propane machine has the same unique characteristics as the other grinders in the World Series Line.

The Scanmaskin 32 World Series Propane has a fully casted machine house, giving long durability and dust-free operation. The construction of the machine is designed to facilitate service as you only need to loosen three screws to gain access to the entire machine house. The Scanmaskin 32 World Series Propane machine is equipped with a new tool head which in turn gives a more efficient grinding result.

The Scanmaskin 32 World Series Propane machine is also equipped with an automatic safety system that monitors air oxygen levels.

The Scanmaskin 32 World Series Propane is equipped with a 26hp Kawasaki engine which can be operated with either liquid or vapor Propane.
